## MANDATE TO CITY CLERK IN RECALL

## PALMER IS GIVEN LIQUOR AID, CHARGE

The Attorney-General Appears Before Committee and Refutes Accusations; Plumb League Denies Contributing

John Rosseter and Warren Gregory Called Before the Senate Committee Investigating Sums Spent in Primaries

BY ASSOCIATED PRESS  
LEASED WIRE TO TRIBUNE.

WASHINGTON, June 2.—Attorney General Palmer appeared in the senate campaign investigating committee room today just before the afternoon session of the committee began. He was the first of the presidential nominees candidates whose campaigns are being investigated who has appeared at the inquiry.

Charges that the campaign for the nomination of Palmer as Democratic candidate for the presidency had been conducted in Pennsylvania with an open appeal to the distillery and brewery interests in the state were made before the committee by Eugene Bonnwell of Philadelphia.

Bonwell, who distributed deck-chairs during the primary campaign seeking the nomination of W. G. McAdoo, said that saloons and bonded warehouses in some parts of the state, were now running "wide open" and that this was proceeding under the eyes of department of justice and prohibition enforcement officers of the federal government appointed with "Mr. Palmer's" view.

PALMER CAMPAIGN DECLARED FAIR

The witness charged that the Palmer campaign in Pennsylvania had been a "ghastly and demeaning denunciation of law." He added that the campaign, conducted for McAdoo had been entirely the work of himself and his colleagues and against the specific personal refusal of McAdoo to allow his name to be used.

"I organized a campaign in opposition to Attorney General Palmer," Bonnwell said, "and I know all about what was done in it and a good deal about what the other side did."

Palmer got permission from McAdoo to use his name. Bonnwell said his friends had endeavored to get voters to write his name in "and we came within 200 votes of beating Palmer in Philadelphia. I was making a battle for national committee," Bonnwell said, "and I'm frank to say that the McAdoo work was of a great benefit to me."

\$300,000 SPENT SAYS WITNESS

Asked as to the sum of money on which he based his claim:

"My advice are that \$10 a committee man was paid in Philadelphia. From Dauphin county the chairman wrote me that the Pennsylvania fight cost the Palmer men between \$200,000 and \$300,000.

"This letter went to every federal officer in the state," the witness continued, turning over the committee a document signed by Jos. K. Johnson of Philadelphia. It was a solicitation for funds for "A Mitchell Palmer," the Pershing of Pennsylvania."

Palmer replied briefly to Bonnwell, saying he did so only because his "good name is more to me than any office on earth." Had the statement been made in Pennsylvania, he said, he "would not have replied, because in Pennsylvania Judge Bonnwell's word is not evidence in the case." He denied Mitchell Palmer's charges.

With decks running blood with wild gesticulating Chinese waving knives and other weapons over their heads, the conflict centered about Keral Friericks, oiler, and Steve Johnson, boatswain, until the arrival of the white members of the crew armed with capstan bars and led by Chief Mate Holt with drawn revolvers. The Orientals were driven below deck.

The fight had its origin when Friericks threw water on Jim Ng, the ship's cook, and the cook reported the matter to the chief engineer, who rebuked the oiler. Friericks, angered, sought out the cook and was beating him when other Chinese attempted to interfere.

LARGE EXPENDITURE

HANDY WEAPON

Johnson should to "let 'em fight it out," but when the Orientals closed in on Friericks, Johnson seized a fire ax and waded into them. His first swing with the ax knocked down the mess boy and a second swing in the same direction buried the point of the ax in Chin Ng's neck. With a crashing blow, he struck Ng in the mouth, knocked out all his teeth, and then fled to a cabin with the Chinese howling at his heels and stabbing at him. Clearing the way with his weapon, Johnson entered a cabin and barricaded the door.

The Chinese were breaking down the door when the white crew bore down on them with revolvers and capstan bars and drove them below deck. Captain Nelson, in command of the ship, said that Johnson was a bad man and that he had caused trouble before.

He said the Chinese had threatened to shoot him if he ever set foot on the deck again. Nelson said he would try to have Johnson discharged from shipping out of any Pacific coast port.

**Sproule's Name Will Go Before Convention**

PHILADELPHIA, June 2.—Governor William G. Sproule, a member of the Pennsylvania national delegation here today, announced that his name would be presented to the Republican national convention as a candidate for President.

He was opposed to the delegation taking any formal action as a unit.

**Okeh Given Postal Employees' Wage Bill**

BY INTERNATIONAL NEWS SERVICE  
LEASED WIRE TO TRIBUNE.

WASHINGTON, June 2.—The senate postoffice committee this afternoon reported out a bill granting increased salaries to postal employees as recommended by the joint postal commission. The increase approximates a general increase of 20 per cent.

**McPartland Elected Printers' Union Head**

INDIANAPOLIS, June 2.—John McPartland, a member of Local No. 6, New York city, was elected president of the International Typographical union, defeating Mardon G. Scott, who sought re-election, according to official tabulation of returns compiled at headquarters in Indianapolis. It was announced today.

United Press Staff Correspondent.

MEXICO CITY, June 2.—Provisional President Adolfo De La Huerta is more critically ill than first reports indicated, it was generally believed here today. Following his inauguration yesterday afternoon the new president was scheduled to go to the presidential palace for a reception, but was physically unable.

An operation for appendicitis may be performed Thursday, it was said to go on good authority.

Owing to his illness President De La Huerta did not make an inaugural speech.

WASHINGTON, June 2.—By unanimous vote the House judiciary committee today ordered out a resolution repealing all war-time emergency legislation excepting the Lever food control act. The espionage law and the District of Columbia rent control measure.

Chairman Volstead told the committee that he would attempt to have the House adopt the resolution before adjournment Sunday. House action, he said, would be attempted under suspension of the rules, which would permit only forty minutes of debate.

# News from CONVENTION HALL and POLITICAL FIELD

SPEECHES WILL BEGIN THURSDAY, VOTING FRIDAY

## CONVENTIONALITIES

G.O.P. DELEGATES OFF TO CHICAGO; 150 IN PARTY

BY UNITED PRESS  
LEADERSHIP TRIBUNE  
CHICAGO, June 2.—The Hawaiian delegation to the Chicago convention was accompanied by two Honolulu maidens. They left their straw skirts at home, though, so there was no riot call.

T. Coleman Dupont, multi-millionaire, appeared in the convention

hotel lobbies claiming honors for his Democratic ways. He was the only delegate wearing a negligee shirt and soft collar.

Mayo Lissner, for years a "progressive" boxer in Los Angeles, spent a busy day at Johnson's headquarters showing his "I'm for Hiriam" button to all visitors.

Chicago prepared a warm welcome and freedom of the county jail today for numerous expected out-of-town visitors. Chief of Police Garrity issued instructions to arrest all police characters and suspects on sight.

G. S. Haslett of Cordova, Alaska, came to the convention incidentally. His chief purpose was to get inside of the Palm Beach suit and under a straw hat. The temperature in Cordova seldom goes more than 76 degrees below zero. Haslett said:

"If they'd only sent this convention to Cheyenne, 50,000 people could have had tickets to the dolt's," signed National Committeeman Pat Sullivan of Wyoming, fanning himself with his sombrero. "We'd a hell of a meeting outdoors, and a boring climate never would have interfered."

Habitable convention visitors took a peek in the buffets. "Just for luck." They were greeted by white-aproned bartenders the old familiar mahogany and an array of various hues bottles and glasses. But that was what was "normal," and few ventured beyond the threshold.

P. H. McCarthy, president of the San Francisco Building Trades Council and former labor mayor of San Francisco, sprayed Johnson enthusiasm among delegates.

Senator Miles Poindexter was in addition to "presidential row" in the Congress Hotel yesterday. He opened temporary headquarters and will move into a permanent location Saturday.

Senators Penrose, Lodge, Smoot, Wadsworth and Sutherland are

anxiously awaited by many delegates. The senatorial quintet is due here Friday.

Delegates began speculating today on how military suffragettes may be during the convention. Reports reached the hotels that picketing of the convention and heckling could be expected.

The candidate catering to the convention is of the best. An official call of convention delegates indicates the old political type—fat, cigar-chewing, etc.—is a rare specimen.

I. S. Senator Myles of New Hampshire, sporting a fedora and a stick, says he's going to stay in Chicago until Wood is nominated. "And I haven't bought house and lot, either," he said.

Ralph Arnold of Los Angeles, vice-chairman of the Hoover national campaign, is a regular political manager. He was ready with the customary statement within a few minutes after he landed.

Two California sheriffs are here to pull for Hiriam. They are R. R. Veale of Contra Costa County and Michael Sheehan of San Mateo County.

Governor Frank O. Lowden, incapacitated by a bad cold, was the recipient today of many messages of sympathy from the camps of his rivals.

**Woman Is Burned to Death in Explosion**

SAN FRANCISCO, June 2.—Enraged in flames when oil in their kitchen stove exploded, Mr. and Mrs. Hall, 59, received burns which caused her death at midnight. Her daughter, Mary Elizabeth Hall, who sought to extinguish the flames on her mother's clothing, is in a precarious condition at the Mission Emergency hospital. The explosion occurred when Mrs. Hall lighted the fire. Neighbors carried the women from the burning house, which was practically destroyed.

and packed together under the banner which is to lead the parade up Michigan avenue when Chicago is reached. Moving pictures and still life, snap shots and carefully posed ones were taken by the dozen cameras men on board.

At the Oakland mole the delegation disembarked to enter the station almost in front of the observation car of the train which was to bear them east. Here again more pictures were taken and cheers were given for the candidate.

Once inside the train the delegates and friends were loud in their expressions of pleasure at the unusual favoritism accorded by the county. Under the direction of the Alameda County Development Commission and the personal direction of Chairman Harry G. Williams hundreds of blossoms had been gathered to garnish each compartment and to decorate the tables in the dining car. There were roses from the California Nursery Company at Niles from the gardens of the Alameda County Agricultural Association and Senator McCormick of Illinois. Political leaders here who are supporting Senator McCormick claim to have the approval of Senator Penrose for their choice. If a contest should develop over the selection there is always the possibility that the convention might revert to the plan it followed in 1912 and 1916 and make a temporary organization the permanent choice.

**CHAIRMAN PROVES DIFFICULT**

The selection of a permanent chairman seems to have made no progress in the last three or four days. There is now talk among national committees in favor of former Senator Beveridge of Indiana, Senator Smith of Oregon and Senator McCormick of Illinois. Political leaders here who are supporting Senator McCormick claim to have the approval of Senator Penrose for their choice. If a contest should develop over the selection there is always the possibility that the convention might revert to the plan it followed in 1912 and 1916 and make a temporary organization the permanent choice.

**BRKFESTY ADDS WOMAN TO LIST**

The breakfast was opened at Berkeley, where it was headed by Mrs. J. E. Hume, one of the delegates, and plans were to stop at Roseville. In Nevada another car will be taken out. No sooner had the train pulled out of Oakland than the transportation committee started the work of tabulating all of the passengers in a list which will show their compartment numbers and where they are stops in Chicago. "I am in the company," he said, "on delegation activities in Chicago will be able at any time to communicate with all of those in the party. A parade in which the Chicago Johnson clubs will join and in which a half dozen bands will take part will be formed when the train pulls into the lake city. Fruits from California will be distributed and a carload of poppies will be unloaded as emblems for all Johnson supporters.

The Philippines Islands have that stable government today." **WOOD TALKS ON PRIMARIES EXPENSES**

General Wood told newspaper men this morning that he had not "taken out full charge" of his campaign.

"I am in the process of taking charge of such matters as may require my attention," he explained. "Every department of my campaign is a law unto itself, but occasionally something crops up that requires a decision."

The general reiterated his previously expressed views on the advisability of a modification of the primary system in political campaigns. He argued for a national primary day, open expense accounts, and permanent state systems of state conventions which could be open to bona fide candidates at any cost.

The decorations and advertising which distinguish the special on its run through the Western States give assurance of being a distinct innovation. Gay colored cards, bunting and flags will inform the countryside that California wants Johnson for all.

**CARS PLACARDED WITH CALIFORNIA DEMOCRATIC**

Some of the placards which will adorn the train windows and which also will be used for impromptu purposes en route read as follows:

**CALIFORNIA DEMOCRATIC FOR JOHNSON AND VICTORY**

**THE NATION WANTS HIRAM W. JOHNSON FOR PRESIDENT**

**FROM ONE END OF OUR COUNTRY TO THE OTHER THE PEOPLE DEMAND THE NOMINATION OF JOHNSON**

**A MAN OF FORCE AND CHARACTER, JOHNSON WILL MAKE THE IDEAL PRESIDENT FOR ALL THE PEOPLE**

The "Presidential special" is due to arrive at Chicago Saturday morning at 11 o'clock. A huge silk banner will mark the progress of the Californians when they march through the convention city.

**UTAH BOOSTERS DEMAND JOHNSON AS THEIR OWN**

Utah arrived the visitors will be met by bands and fellow enthusiasts from the Johnson headquarters. That night there will be a parade participated in by Johnnies from the party cities. To play their appropriate role in this demonstration, the Californians arranged to start East one day earlier than originally planned.

The Nevada delegation telephoned for many months ago. It is expected to arrive Saturday to the party of the state.

"It will be a great demonstration," said John Powers of Los Angeles, and Harry M. Jones of New York. The campaign manager for Dr. Butler, George John H. Davies of New York, will arrive Friday. It was announced, and a delegation of 500 boosters is expected to come in on four special trains Sunday.

Mr. Riley said the Butler managers were certain of having 80 of the New York votes, and no added that in view of the large delegations to come, the Butler column will come in from numerous other states.

The Ohio situation cleared up this morning when, after a meeting of Harry Daugherty, campaign manager for Senator Harding of Ohio, and Rudolph K. Hinckley, national committee man from Ohio, it was announced at Harding headquarters that there would be complete cooperation in this demonstration.

## VISITING PRELATE TO BE WELCOMED

Approval of the San Francisco plans for a public welcome and reception upon the arrival next Monday from Honolulu of the Most Rev. Daniel J. Mannix, Archbishop of Melbourne, has been expressed by the famed Australian prelate in a radio-gram to the Right Rev. Monsignor P. J. Ryan, S. G., who will act as host to the distinguished visitor in the absence of Archbishop Haan. Dr. Mannix is a passenger on board the liner Ventura.

A program of public events in honor of the visiting archbishop is being arranged under direction of the United Irish Societies. A luncheon will be given on Tuesday in his honor by the Catholic clergy. In the evenings there will be the principal speaker at a mass meeting in Dreamland Pavilion being arranged by the United Irish Societies.

**PUPILS ENTERTAIN PATIENTS.** Miss Helen Crandall, teacher of Household in the Oakland Technical High School, and a number of her students, the Misses Thelma Mallon and Alice Schlesinger and Joseph Fairchild, presented a dramatic entertainment Saturday for the patients of Arequipa Sanatorium at Manor, Marin county.

**WHIST PARTY TONIGHT.** A whist party will be given tonight by Cecilia Shrine, U. D., Order of the White Shrine of Jerusalem, in Rockbridge Masonic Hall, College Avenue near Ocean View Drive. Special features have been arranged for the guests.

## Turk Tyrant Flees to Swiss To Escape Death Sentence

GENEVA, Switzerland, June 1.—In one of the most luxurious hotels in Lausanne is now living the Turk, a multi-millionaire named Djemal, chief minister under the Young Turk regime at Constantinople and former commander of the fourth Turkish army in Syria.

This Djemal Pasha should not be mistaken for another Turkish leader of similar name and title who recently was appointed a minister of the new Turkish cabinet.

**Church Is to Hold Nine Days of Prayer**

A double Novena to the Sacred Heart and to Saint Anthony, or nine days of devotion and prayer, will be held at Saint Mary's church beginning Thursday. The morning services will consist of masses at 7 and 9 o'clock, the latter followed by Benediction.

The evening services will begin at 8 o'clock. Besides the Mass of Saint Mary's six other priests of the archdiocese will be heard at the evening services:

June 3, opening sermon, Rev. C. Phillips; June 4, origin of the devotion to the Sacred Heart, Rev. Francis McCarthy; June 5, St. Anthony's Day, Rev. the Blessed Sacrament, Rev. Henry Langland; June 6, St. Anthony's Youth, Rev. B. J. McKinnon; June 8, Veneration of Saints, Rev. Daniel Kelly; June 9, The Promises of the Sacred Heart, Rev. Eugene Warren; June 10, St. Anthony's Life in the Monastery, Rev. P. McGrath; June 11, Lessons of the Feast of the Sacred Heart, Rev.

It is reported he obtained this vast wealth in Turkish gold, always refusing bank notes. Once a week his wife or one of the members of his family traveled to Constantinople from Djemal's headquarters in Syria under military escort with small boxes of gold which were forwarded subsequently to Switzerland and Holland.

Djemal, who has only a temporary permission to sojourn in Switzerland, was recently requested by the Swiss government to leave this country, but he managed to procure a medi-

cal certificate proving that traveling would be prejudicial to his health, and remains at Lausanne.

The Tribune demands his expulsion from Switzerland with several of his satellites. Djemal, however, cannot return to Turkey as the death sentence awaits him there.

## BUSINESS CLUBS PLAN FUNCTIONS

At the meeting of the Merchants' Exchange last night it was decided to hold the twenty-fifth anniversary of the body's organization in the form of an annual banquet at an inn near Hayward tomorrow night. J. H. Spiro, president of the body, will preside, while Harry G. Williams, club manager, will act as toastmaster.

The Oakland and San Francisco members of the Greeters of America will hold a banquet at the Hotel Oakland tomorrow evening, when final instructions will be given to the delegates elected to the national convention at Colorado Springs, June 22-24. The Greeters of America are composed of the managers, assistant managers and room clerks of the larger hoteliers of the United States and Canada.

Reports of the delegates to the convention of the Pacific Advertising clubs, which was held last week in Stockton, were heard yesterday at the luncheon of the Oakland Advertising Club at the Hotel Oakland. Carl Broekhagen, who headed the local delegates, made the report.

Members of the K. of K. club at the regular weekly luncheon at the Hotel Oakland yesterday, heard an interesting address by Postmaster Joseph J. Rosborough, who explained the mail service in Oakland.

Little water is to be found on the Cape Verde islands except in ponds or cisterns.

Handsome four-in-hand neckties, in rich designs and most attractive stripings. Truly exceptional value.

## On Demand

It's as easy for this business man to get information about any department of his business as it is to call an office boy.

He has a highly efficient department which records in figures everything that should be recorded by any business that expects:

- to become a bigger business;
- to become a better business;
- to serve its customers promptly;
- to control its costs;
- to fix prices that insure profit;
- to increase its employees' efficiency;
- to grow, prosper and pay dividends.

But all are alike in fundamental principle — they make *accuracy automatic*; and the recording and tabulating of business figure facts *practical*, because the work is brought within the limits of *time, convenience and expense*.

## EGYPTIAN WOMEN SLAVES OF MALES

LONDON, June 2.—The treatment of women in Egypt is the darkest phase of Egyptian life, says G. N. Barnes, member of parliament, who has recently returned from a tour of that country.

The men in Egypt, said Mr. Barnes, so far as sex relations were concerned, thought themselves the lords of creation. They could divorce their wives at will without cause or reason, and it was not uncommon for a man to have three wives.

"In many houses," continued Mr. Barnes, "it may be that the only place you can take it from me that the position of the women in Egypt is absolutely one of serfdom and dependence. They spend their lives in miserable hovels, in working in the adjoining fields, or in getting water."

"They are the serfs of the men and as much beasts of burden as the donkey and the camel. The people which we women folk in that way are destined to be a subject race and do not deserve to govern."

### Guns Drawn in Raid Made by Dry Officers

Three Arrested in Alleged San Francisco Bar; Claim Concealed Bar Uncovered

SAN FRANCISCO, June 2.—Revolver was displayed, threats of violence were uttered and Prohibition Enforcement Agent P. E. Adams unexpectedly had wine poured into his ear and down the muzzle of his pistol last night when Adams, two other prohibition agents and a policeman raided an alleged bar at 5 Gough street.

Incidently, the rum runners denied that they had any right to refuse to distribute illegally intoxicating liquor through the medium of a concealed bartender and a hole in the wall covered by a moveable picture.

According to the prohibition agents they had been warned that William Judge, one of the proprietors, who has been arrested twice for dry law violations, probably intended to defend himself by concealing liquor in a concealed bartender and a hole in the wall covered by a moveable picture.

# WATER DISTRICT PLAN IS REJECTED

## Uncle Wiggily Stories

by HOWARD R. GARIS

UNCLE WIGGILY AND TOOGLIE asked Uncle Wiggily, as he fanned his pink, twinkling nose with a broad chip which Toogle had gnawed from a log.

Once upon a time, not so very many years ago, Uncle Wiggily Long-ears, the nice bunny rabbit gentleman, went out walking in the woods near his hollow stump bungalow.

"Do you think you will have an adventure?" asked Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper.

"I think so," answered the bunny gentleman, "I am going down to see our Toogle and Noodle, Flat Tail, the beaver boy, and Grandpa Whackum are coming along with Grandfather Gooey Gander's house, which they are making over on account of the fire."

"We'll be careful not to get burned," spoke Nurse Jane.

"Oh, the fire was out long ago," explained Uncle Wiggily. "Jacko put out with mud from his coat-sack. I am just going to watch the busy beavers rebuild the house."

Over the fields and through the woods went Uncle Wiggily, and when he reached Grandpa Gooey's house, which was partly burned, he only saw near it Toogle, the one beaver boy.

"Resolved. That the board of supervisors so finds; and be it further resolved, that by reason of such finding, a bond of control five boundaries of such district and the petition is therefore denied."

TO GIVE MUSICAL.

A musical program will be given by the School Club of Technical High School tomorrow morning. Tom Parker, a local boy from San Francisco, will be the assisting artist. Miss Elma Ferguson, a student, will sing a song arranged by Marie Worth, also a student of the school.

"Where is Grandpa Gooey?"

"Noodie went to get some wooden nails," explained Toogle, "and Grandpa Whackum has gone to get us some nice bark sandwiches for lunch. I can do nothing until Noodie comes back with the nails, so let's sit and wait." Uncle Wiggily.

The bunny gentleman thought this was a good idea, so he sat down on a shady bank near the duck pond ocean, which was again filled with water, though it had gone dry at the time of the fire.

"Where is Grandpa Gooey?"

"I FEEL GRAND! I'LL NEVER TAKE NASTY CALOMEL AGAIN!"

"Dodson's Liver Tone" Doesn't Sicken or Upset You

Next Day—Best when Bilious, Constipated!

Don't take Calomel. Save your money. Calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for Calomel.

It is a pleasant vegetable liquid which will start your liver just as surely as Calomel, but it doesn't make you sick and can not sallivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is

"What's the idea?" asked Uncle Wiggily, politely.

"Oh, I'm so warm from running," panted Billie, "that I splashed Toogle to wash him. He is cooling me off."

"Ha! That's a good way to be cooled!" laughed the rabbit uncle.

Toogle, the beaver boy, with his broad, flat tail like a canoe paddle, was splashing water all over Billie the goat boy.

Grandpa Gooey's glasses, offered Uncle Wiggily. "I know where he generally keeps them." And when the bunny uncle, a little later, came out with the glasses, he saw a funny face.

MR. PALMER AND SUGAR.

In Cuba, the principal source of cane sugar for the United States, sugar is sold at a fraction over ten cents a pound. It retails in this country at from 24 to 30 cents a pound. Thus between Cuba and the American breakfast table there is added from 12 to 20 cents a pound. En route from Cuba sugar passes into the hands of brokers and middlemen, more brokers and more middlemen, food hoarders, market manipulators and prostitutes.

Mr. Henry W. Wilmot, vice president of the Cuban-American Sugar Company and of the West Indian Sugar Finance Corporation, testified the other day before the Lusk investigating committee in New York. Being a sugar man, his statements were taken as authoritative and caused not a little surprise. He declared that had the government last year purchased the Cuban crop at the proffered figure of six and one-half cents a pound, profiteering and the long line of brokers and middlemen, all of whom take a profit before the sugar reaches the consumer, would have been eliminated, as the margin of profit between the grower and the housekeeper would have been too narrow to include them.

Mr. Wilmot also called attention to the fact that when Attorney General Palmer fixed the price of Louisiana and Mississippi sugar at seventeen cents a pound, Louisiana sugar was selling at nine cents a pound and Cuban sugar at less than seven cents. Consequently there was a great furor in Cuba he said, and the confusion and reluctant scruples of sugar producers to all they could for their product began at once.

The Tribune has frequently referred to this grave offense of Attorney General Palmer—this bilking of the American sugar consumers of many millions of dollars for the benefit of a few southern growers who were so fortunate as to have the support of such powerful politicians as Senators Lansdell and Williams. This was extraction of the worst kind, extortion with the aid of a cabinet official in the federal government. It was an act that caused great hardship and suffering not only in this country, but through the world, for immediately Mr. Palmer authorized the grab by southern sugar growers, prices soared in all the sugar markets.

Yet with this offense only six months old, Attorney General Palmer asks that he be nominated President of the United States. He will appear before the national Democratic Convention in San Francisco this month with the plea that he be made the leader of his party. After such a betrayal how can the people of any party trust him?

## NOT SUBJECT TO REFERENDUM

In two decisions yesterday the United States Supreme Court settled a question which never seriously existed. It held that popular referendums against the act of a State legislature in ratifying an amendment to the Federal Constitution are not authorized by the Constitution and therefore are without effect. In one case the Supreme Court denied the referendum in Ohio on the prohibition amendment and in the other sustained an injunction against a referendum on the ratification of the suffrage amendment.

The reason for the court's opinion is that the Constitution specifically describes what prescribes the manner of ratifying a submitted amendment to the Constitution. It provides that the legislatures of the several States shall pass on the question of ratification and when the legislatures of three-fourths of the States have voted favorably a proposed amendment shall be considered ratified and in effect. There is no mention, and in the minds of the framers of the Constitution there was no thought, of a popular referendum on acts of the national legislative body.

It was inevitable that the Supreme Court should so decide this issue of the referendum. The plain provision of the Constitution left no choice. Of course it was possible for the court to have ventured a legislative opinion and to have held that the States which have enacted referendum laws have modified the powers of their legislature and to have construed this as being a change in the character of the legislature, but that would not have been in accordance with the plain text of the fundamental law.

These adverse opinions do not mean that the referendum is bad or that there should not be a referendum on some of the acts of Congress, such

as an amendment to the Constitution. But it does mean that there cannot be such a referendum until the Constitution is amended to provide that in States where the referendum law is in effect ratification of constitutional amendments shall be subject to a referendum vote.

## THE MURDER OF CARRANZA.

Measured by political precedents in Mexico the murder of President Carranza in a hut in Tlaxcalantongo, where he was a prisoner of the new revolutionary troops, is not a surprising tragedy. The world has become inured to such things from that quarter. President Madero was foully murdered just before Carranza attained power and the day Carranza fled from Mexico City last month he caused, or at least took no pains to prevent, the execution of several score political prisoners in the capital.

But there has as yet appeared no reason to deny credit to General Alvaro Obregon for an honest purpose to save Carranza's life and to give his former chief a safe conduct out of the country.

According to the statement issued by the head of the state department of the new regime, Carranza was shot to death by General Rodolfo Herrera in revenge for execution a few weeks before Herrera's father—one of the political prisoners shot as Carranza left Mexico City.

The new regime has asserted a determination to hunt down Carranza's assassin and bring him to trial. They probably will carry out their plans, for it would do much to satisfy the friends of Carranza that the death of their chief was a personal vengeance rather than due to the ferocity of his political opponents. In the latter case he would be a martyr and his unwholesome influence would long survive.

## SPOKANE, A LESSON.

Spokane, Washington, is perturbed and grieved over the official announcement of the federal census bureau to the effect that it has suffered a loss in population since 1910. The chamber of commerce of that city is especially concerned lest the impression will prevail that Spokane has gone backward instead of forward. It has sent out a statement purporting to show that the census figures of population do not really indicate anything of importance regarding profit between the grower and the housekeeper.

It should worry.

The report of Senator Fall's committee in Mexico might make that country sit up and take notice if it was in the habit of noticing anything except its own revolutions. For seven years it has flouted the United States without incurring consequences, and so the general sentiment undoubtedly is that it

"Wilson announces plans to dominate the Democratic convention." This is a new angle, and can but add to the gaiety that was foreseen on account of the Bryan-Hitchcock feud and the Bryan-Edwards battle over the wet-and-dry issue.

The Sacramento Bee recalls California's prior favored sons who figured as presidential candidates in 1884, when Grover Cleveland was first elected President on the Democratic ticket, there also ran F. D. Wiggin of California, nominee of the American Party. In 1822, when Cleveland was re-elected, John Bidwell of Chico headed the Prohibition ticket.

The Lakeport Bee explains why a highly interesting item was killed. "One mighty good news item which we intended to play up on the front page this week has been suppressed" at the request of the party most concerned. No reason was given for making the request, but we suppose was a good one."

The Red Bluff News overlooks the McAdoo story: "Democratic candidates can sit innocently and complacently tight while the storm against campaign expenses is raging. It is safe to say there is no such animal in the Democratic ranks this year."

These figures show that Spokane is a better and stronger, a more vigorous city than it was ten years ago. But there are the census returns of population. They are ugly, disconcerting. But still the census report is useful. It carried a valuable lesson. It preaches a sermon—of the gospel of truthfulness. The secret of Spokane's little unpleasantness of the present is that in 1910 there were a lot of unwisely ambitious boosters and unconscionable prevaricators. By some means or other they must have gotten unauthentic figures into the census report.

This year modesty, that lovely civic virtue, kept her place and truth was not dethroned. As a consequence the census report is probably as nearly correct as possible. There is a discrepancy, but if Spokane has really become a more progressive city and grown in the substantial way indicated by the claims of its chamber of commerce, the grief ought to be short lived.

**SPIRIT OF THE STATE PRESS.**

W. J. Martin of Pleasanton shipped this week six carloads of cattle to Grayson & Owens, Stockyards, Oakland. The cattle were weighed here and driven to Pleasanton and shipped from that point. From \$8 to 9½ cents per pound was the purchase price. Numerous small lots are being shipped regularly to Oakland and San Francisco wholesale butchers.—Livermore Herald.

Last Sunday, Mrs. G. Tiscarcia of Oakland, a former old-time resident of San Andreas, gave a lavish dinner to her many relatives of the Tiscarcia family at the Metropolitan hotel in San Andreas. Mrs. Dora Wilde, the hostess, was given carte blanche. In the matter of procuring for the table all that money could buy or market afford. The result was a most sumptuous repast that ever tempted hungry mortals—Calaveras Prospect.

While driving through Centerville with a load of hay, Frank Rose of Saco City, near Irvington, overturned his wagon on Main street. With the aid of others the wagon was righted and the hay soon loaded.—Niles Register.

It required only a couple of inches to set out a couple of carloads of hay sent out broadcast by the Southern Pacific company to convert the gas fuming from a transportation problem to one of animal shortage. And it had to be town town. No sudden development of resources is responsible for her great gain. It is simply an ideal place for horses, and of unusual opportunity for business and for commercial section has known no tremendous that it now has few rivals in the state.

It was inevitable that the Supreme Court should so decide this issue of the referendum. The plain provision of the Constitution left no choice. Of course it was possible for the court to have ventured a legislative opinion and to have held that the States which have enacted referendum laws have modified the powers of their legislature and to have construed this as being a change in the character of the legislature, but that would not have been in accordance with the plain text of the fundamental law.

## NOTES and COMMENT

How we accept with complaisance what would formerly have been considered an astounding advance in the cost of a great necessity is illustrated in the boost in sugar of three cents a pound at one fell swoop. It was but a very short time ago that the cost of a pound was but a trifle beyond that.

Twenty-three killed and fifty-six injured in automobile crashes last Sunday. Nobody knows when he adventures in a gas wagon that will fall. Much depends on the care with which his vehicle is handled, but not all. There are reckless persons abroad, and unforeseen accidents will happen. When an accident happens to an automobile it is likely to be more serious than with Dobbin the motor's power. It seems that all there is to do is to exercise such care as is possible and trust to luck.

"Hohenzollerns planning coup to regain rule." Stranger things have happened than success in this direction. The world is embroiled in piffling quarrels. The big main question is lost sight of. How is the world to live to interpose an objection should the Kaiser be seated on a new throne? About all this country could do would be to refuse to return the old one, which has been sold at auction.

The Rus-in. Bolsheviks are reported to have a deficit of over eleven billions. But there is a certainty that the Bolsheviks are not worrying over it. Rather, they are finding satisfaction in the fact that the worrying will be done by successors, when sanity overtakes the land and the mighty task of restoring order is taken up.

## SILVA GROOMED TO SUCCEED ANNETTE ADAMS

SAN FRANCISCO, June 2.—Frank Silva, federal prohibition director for California, is to succeed Mrs. Annette Adams as United States attorney when she goes to Washington to assume her new duties as assistant U. S. Attorney under A. Mitchell Palmer. This fact was disclosed today in San Francisco by sources considered authoritative and in close touch with administrative matters in the federal building.

It is known that Silva, for many months, definitely has been considered as a candidate for the office of United States attorney in the event it ever was vacated by Mrs. Adams. Officials who are credited with knowing, declared today that U. S. Senator James Phelan already has announced his hearty co-operation in support to make possible Silva's rise in the administrative branch of the government.

Silva, since his appointment as prohibition enforcement officer on January 1, last, has met general approval and particularly from higher executives in his department, by his ability and energy of his office. Silva became assistant U. S. attorney on August 18, 1918. Prior to that he was for many years district attorney for Napa county.

## CLAIMS LAWYER HONEST IN DAY, CROOK AT NIGHT

NEW YORK, June 2.—Frank de R. Storey, a lawyer living at the Hotel Commodore, who is on trial here charged with criminally receiving \$10,000 worth of stolen securities, was characterized as a modern Doctor Jekyll and Mr. Hyde by Assistant District Attorney Unger in his opening address.

Unger told the jury Storey associated with him in his plot with prominent men and after dark made companions of crooks.

Storey, a Harvard graduate, was arrested last January and indicted on six counts charged with receiving \$70,000 worth of stocks stolen from various brokerage houses, which he used as collateral for loans.

Unger declared Storey had told those he borrowed from that he was going in the steamship business with James W. Gerard, former ambassador to Germany, but Gerard testified at the afternoon session that he did not know Storey.

## Davis Is Appointed Right-of-Way Agent

The position of right of way agent for the department of streets which has been vacant for practically two years because of the lack of necessity for the work, has been filled by the appointment of George C. Davis. His position is a part-time one, carrying a salary of \$100 a month. Davis commenced his work today, with an investigation of the widening of East Fourteenth street between Ninety-eighth and One Hundred and Seventh avenues, the proposed opening of Fallon and Twelfth streets and the widening of One hundred and Fifth avenue.

## More Pay Requests Delayed By Council

After hearing appeals for salary increases from a crowded lobby representing practically every branch of municipal employment except clerks, the council today again postponed action until July 1. At that time report will be made by Municipal Efficiency Expert N. W. Cook on what salary and wage increases can be granted on the new assessment of \$154,000,000 with a tax rate of \$2.44.

ALAMEDA, June 2.—Nicholas Nepolitano, laborer, 2356 Magnolia street, Oakland, according to Detective Sergeant W. Wehmuth, attempted to bribe the officer when arrested yesterday at Terrace Baths, this city, charged by Mrs. W. D. Lyon, 5225 Centerville Street, Oakland, with taking a diamond ring and a child's ring.

Nepolitano occupied a booth at the baths yesterday, which had earlier been occupied by Mrs. Ryder, who shortly after her departure discovered the loss of the rings. Returning, she asked attendants to make a search of the room. Nepolitano was questioned and denied seeing Mrs. Ryder. Mrs. Lyon, fearing certain the rings had been left there, called the Alameda police, who reported they found the articles in question on the person of Nepolitano. Upon the discovery, Wehmuth alleges, Nepolitano offered him \$15 if the rings were returned without closing the theft.

Nepolitano is now held in the city prison on a charge of grand larceny, in lieu of \$3,000 bail.

The federal authorities of San Francisco are holding Leroy Edison Elliott, a youth said to be employed as a section foreman in Oakland, while they investigate the circumstances surrounding his arrest yesterday on a charge of violating the Mann act. Elliott is accused of having taken a diamond ring and a child's ring.

Elliott occupied a booth at the baths yesterday, which had earlier been occupied by Mrs. Ryder, who shortly after her departure discovered the loss of the rings. The girl has only one arm, and is said to be residing with relatives in Berkeley. This is to be the principal witness against Elliott. Elliott says he merely felt sorry for the girl and obtained the transportation for her. He denies that there was anything improper in their relations.

According to the authorities, Elliott deserted a wife and four children in the east. Elliott said he was separated from his wife two years ago.
